Throughout our history, Cohen & Gresser has successfully represented top-tier Korean clients, including Samsung Electronics, LG Electronics, SK Innovation, SK Global Chemical, KCC Corporation, and Halla Group in complex litigation, international arbitrations, and corporate transactions. In 2012, based on our deep experience serving Korean companies and the trust gained from our clients, Cohen & Gresser became the third U.S. law firm approved by the Korean Ministry of Justice to open a foreign legal consultant office in Seoul.

The Seoul office is led by S.C. Sohn, whose practice focuses on cross-border litigation, international arbitration, products liability, intellectual property and licensing, and international business transactions. Mr. Sohn has over twenty years of experience advising top-tier clients, including as in-house counsel at Samsung Electronics and TG Trigem Computer and in private practice at the Korean law firm, Barun Law. Mr. Sohn has the unique perspective of having been a client of the firm prior to joining Cohen & Gresser. In 2013, Mr. Sohn was recognized as one of the 35 most innovative lawyers in Korea by *The Korean Economic Daily*, one of Korea's most influential daily business newspapers.
